

Appendix A

2024 APNIC Survey Questionnaire

FINAL

Welcome to the **2024 APNIC Survey**.

This survey is run every two years to gather feedback from Members, Account Holders, and stakeholders about APNIC services, the challenges facing the Internet community, and how APNIC can assist.

The survey helps the APNIC Executive Council (EC) and Secretariat to understand the needs and wishes of the community and to guide decisions on future priorities and services. The APNIC EC places a high degree of importance on this survey as a source of guidance for strategy and planning.

The APNIC EC has commissioned Survey Matters to conduct this survey so you can be sure that your answers will remain confidential. Individual responses will not be identified, and we encourage you to provide honest feedback¹.

To access the 2024 APNIC Survey, please click **"next"** below. You can check your progress from the "% Completed" listed at the top of each page. Depending on your responses, the survey should take around 15 minutes to complete for Members and Account Holders, and much less for other stakeholders in the APNIC community.

Completed responses will be eligible to enter a draw for a chance to win prizes including 3 x \$USD 350 egift cards, 2 x \$USD 200 egift cards and 2 x \$USD 100 egift cards.

You can view Survey Matters' [terms of use](#) at the bottom of each page of the survey. If you have any questions in relation to this survey, please contact Survey Matters at support@surveymatters.com.au or on +61 3 9452 0101.

Thank you for your participation. Your views are important and APNIC values your feedback.

¹ Please note that free text comments will be provided to APNIC unedited, so if you identify yourself by name or otherwise in these comments these will be visible.

About you

1. Where do you live? *

<Economy list selection – all countries>

2. What type of organization do you work for? *

	Academic/Educational/Research
	Banking/Financial
	Domain name registry/Registrar
	Enterprise/Manufacturing/Retail
	Government/Regulator/Municipality
	Hardware vendor
	Hosting/Data centre
	Industrial (construction, mining, oil)
	Infrastructure (transport/hospital)
	Internet Exchange Point (IXP)
	Internet Service Provider (ISP)
	Media/Entertainment
	NREN/Research network
	Non-profit/NGO/Internet community
	Software vendor
	Telecommunications/Mobile operator
	Other (please specify)

3. What is your organization's relationship with APNIC?

	We are an APNIC Member or Account Holder
	We are a member of an NIR in the APNIC region
	Other stakeholder (Please specify)

4. What is your role within the organization? *

(Please select all that apply)

	Academic/Research
	Applications Developer
	CEO/COO/CFO
	CTO/CIO
	IT Support
	Manager
	Network/Systems Planning Engineer/Manager
	Network/Systems Operations Engineer/Manager
	Product/Peering/Interconnect Engineer/Manager
	Project Manager
	Sales/Marketing
	Software Engineer
	Student
	Trainer
	Other (Please specify)

5. Approximately how many employees are in your organization? *

	1-10
	11-50
	51 – 100
	101 – 500
	501 – 1,000
	1,000 – 10,000
	10,000+
	Don't know

6. How many times have you used an APNIC service, contacted or interacted with APNIC in the past two (2) years? *

	None [Go to Q10]
	1-5 times
	More than 5 times
	Don't know/can't remember

Participation

7. Over the past two years, which of the following APNIC services, products, or initiatives have you engaged with or used:

*

(Not presented to participants who selected "None" at Q5) (Questions with an * on Q6 and 7 are presented to BOTH Members and Stakeholders) (Select all that apply) (Randomize)

Member Services and Membership Products	
	New membership application
	MyAPNIC
	APNIC Helpdesk
	Voting in an APNIC EC election
	APNIC Annual Report or Activity Plan
Registration Services, Registry Products, and Policy Development	
	IP address or AS number resource application
	IPv4 address transfer (as source or recipient)
	APNIC Whois Database*
	APNIC RDAP service
	APNIC reverse DNS service (as address holder)
	Resource certification (RPKI)
	Routing security (ROA publication)
	APNIC Policy Development Process*
Internet Development	
	APNIC Conferences, APRICOT or another online APNIC event *
	APNIC Academy training*
	Special Interest Groups (SIGs)
	Meeting with an APNIC representative*
	Presentation by APNIC representative*
	Contacted APNIC with a query (NB: Stakeholder Only)
Information Products, Research & Analysis	
	APNIC Blog*
	APNIC website*
	APNIC Mailing lists (Orbit)*
	REx (Resource Explorer)*
	NetOX (Network Operators' Toolbox)*
	DASH (Dashboard for AS Health)*
	PING Podcast*
	APNIC Labs reports and/or measurement statistics*
	None of these (exclusive) (Go to Q10)

*Asked of Stakeholders as well as Members

8. How would you rate your experience with the services you have engaged with or used? *

(Only the specific services selected above will be presented for each respondent)

	1 = Poor		4 = Neutral			7 = Excellent	
	1	2	3	4	5	6	7
New membership application	1	2	3	4	5	6	7
MyAPNIC	1	2	3	4	5	6	7
APNIC Helpdesk	1	2	3	4	5	6	7
Voting in an APNIC EC election	1	2	3	4	5	6	7
APNIC Annual Report and/or Activity Plan	1	2	3	4	5	6	7
IP address or AS number resource application	1	2	3	4	5	6	7
IPv4 address transfer (as source or recipient)	1	2	3	4	5	6	7
APNIC Whois Database*	1	2	3	4	5	6	7
APNIC RDAP service	1	2	3	4	5	6	7
APNIC reverse DNS service (as address holder)	1	2	3	4	5	6	7
Resource certification (RPKI)	1	2	3	4	5	6	7
Routing security (ROA publication)	1	2	3	4	5	6	7
APNIC Policy Development Process*	1	2	3	4	5	6	7
APNIC Conferences, APRICOT or another online APNIC event	1	2	3	4	5	6	7
APNIC Academy training *	1	2	3	4	5	6	7
Special Interest Groups (SIGs) *	1	2	3	4	5	6	7
Meeting with an APNIC representative *	1	2	3	4	5	6	7
Presentation by APNIC representative*	1	2	3	4	5	6	7
Contact with APNIC (Stakeholders only)	1	2	3	4	5	6	7
APNIC Blog*	1	2	3	4	5	6	7
APNIC website*	1	2	3	4	5	6	7
APNIC Mailing lists (Orbit)*	1	2	3	4	5	6	7
REx (Resource Explorer)*	1	2	3	4	5	6	7
NetOX (Network Operators' Toolbox)*	1	2	3	4	5	6	7
DASH (Dashboard for AS Health)*	1	2	3	4	5	6	7
PING Podcast*	1	2	3	4	5	6	7
APNIC Labs reports and/or measurement statistics*	1	2	3	4	5	6	7

9. Please tell us why some of your experiences were not as good as you expected? *

(Only asked if selected 1, 2 or 3 in Q7)

10. Thinking about APNIC overall, how would you rate: *

(Not asked if selected None at Q5)

	1 = Poor		4 = Neutral			7 =Excellent		
	1	2	3	4	5	6	7	Don't know
The quality of APNIC services and products	1	2	3	4	5	6	7	Don't know
The value of APNIC services and products	1	2	3	4	5	6	7	Don't know
The value of APNIC membership	1	2	3	4	5	6	7	Don't know
Your experience dealing with APNIC	1	2	3	4	5	6	7	Don't know
APNIC's responsiveness to Member and community feedback	1	2	3	4	5	6	7	Don't know

Value Proposition New

11. Aside from Registry Services and resource management, what value does APNIC provide to the Internet community in the region? **New**

12. Aside from providing Registry Services and resource management, which of these APNIC activities are most valuable to you and the community? **New**

(Please choose up to FIVE (5) activities) (Randomize)

<input type="checkbox"/>	Building technical knowledge and capacity through APNIC Academy Training
<input type="checkbox"/>	Informing Members of the latest research and industry trends
<input type="checkbox"/>	Encouraging Members to share knowledge via APNIC conferences, APNIC Blog and mailing lists
<input type="checkbox"/>	Advocating for the APNIC community with governments, regulators and industry-related organizations
<input type="checkbox"/>	Supporting NOGs, Peering Forums and the technical community
<input type="checkbox"/>	Supporting CERTs/CSIRTs and the online security community
<input type="checkbox"/>	Improving Internet infrastructure (IXPs, Root Servers etc) through deployment support
<input type="checkbox"/>	Representing the technical community at Internet Governance fora and events
<input type="checkbox"/>	Providing fellowships and encouraging diversity and the next-generation
<input type="checkbox"/>	Working to defend the global Internet registry system
<input type="checkbox"/>	Other (Please specify)
<input type="checkbox"/>	None of these

13. Are there any new or different services, activities or products APNIC could offer that would provide more value to you or your organization? *

(Members only)

Engagement **New**

There are many APNIC-facilitated community activities including APNIC Member meetings and conferences, the policy development process (PDP), fellowships, elections, Special Interest Groups (SIGs), and places to engage online such as the APNIC Blog and mailing lists (Orbit).

14. How would you describe your engagement in APNIC community activities? **New**

	I am an active participant in the APNIC community
	I am aware of the activities, and participate occasionally
	I am aware of the activities, but do not participate
	I wasn't aware of the activities before now
	I do not participate but other people in our organization do
	Don't know

15. What are the main barriers to you participating more in APNIC community activities? **New**

(NOT for those who selected 'active participant') (Select up to three (3) responses only) (Randomize)

	Cost and budget factors
	I don't know much about APNIC community activities
	Language challenges
	Gender, accessibility / disability or age-related factors
	I don't think I am the right person from my organization to participate
	My level of technical knowledge
	I don't have enough time
	Technical challenges with remote participation
	I don't think they are relevant to me
	I have no interest in participating (Exclusive) (Go to Q16)
	Other (Please specify)

16. How can APNIC make it easier for you to engage in community activities? **New**

--

Internet-related challenges

17. In your own words, what is the MAIN challenge for you / your organization in providing your Internet-related services, products, and activities? *

18. Thinking about Internet-related services, products or activities, what are the MAIN STRATEGIC challenges facing your organization? Please rank these in order of priority, where 1 is the biggest challenge. *
(Asked if CEO/COO/CFO, CIO/CTO or Sales/Marketing at Q3) (Please rank at least three (3) challenges in order of their priority to your organization) (Randomize)

	Compliance with regulatory requirements
	Policymakers and regulators' understanding of the Internet
	Managing the unintended consequences of government regulations (domestic and international)
	Scaling capacity to meet market demands
	Internet security risks
	Hiring and/or keeping skilled employees
	Keeping pace with new technologies such as AI
	Introduction of new products and services to improve our business and stay competitive
	Cost control of hardware, software, and network investments
	Adapting business model to meet market changes
	Adapting our organization to meet environmental sustainability goals
	Costs of Internet security

19. Now, thinking about Internet-related services, products or activities, what are the MAIN OPERATIONAL challenges facing your organization? Please rank these in order of priority, where 1 is the biggest challenge. *

(Please rank at least three (3) challenges in order of their priority to your organization) (Randomize)

	Internet security
	Automation of network and systems operations
	Deployment of IPv6 in our network
	IPv4 scarcity
	Skills shortages / lack of suitably qualified technical people
	Management of Internet traffic, transit and peering, and network capacity
	Keeping pace with new technologies such as AI
	Managing cost of systems, network operations, and security
	Managing the impact of new Internet technologies (for example, 5G) on existing infrastructure
	General operational challenges, e.g. understanding best practice or business planning

20. How can APNIC best assist with these challenges, if at all? *

Internet security

21. Thinking about Internet security, what are the main challenges your organization is facing? **Statements Updated**
(Select up to three (3) responses only) (Randomize)

	DDoS attacks
	Routing security / BGP hijacks
	Intrusion and other breaches
	Phishing, spam, malware, ransomware
	Blacklisting of our IP addresses
	Lack of security for IoT devices/applications
	Staff lack awareness of security issues
	Lack of clear directives/policies from relevant government authorities
	Lack of clear directives/policies from management
	Inadequate security policies
	Handling abuse and incident reports
	Lack of expertise in implementing enterprise-wide security programs
	Compliance with national security regulations/requirements
	Compliance with security/industry standards and frameworks (e.g., ISO, NIST, PCI, SOC2 etc.)
	Other (Please specify)

22. How could APNIC assist with these Internet security challenges? **Statements Updated**
(Select up to two (2) of the most important) (Randomize)

	Collaboration with other Internet security organizations to share information and best practice
	Engagement with governments in the region about the issues of cybersecurity
	Sharing of security insights on the APNIC Blog
	Sharing of security-related information on a dedicated Internet security website
	Increase security-focused training courses (DDoS prevention, security policy development and so forth)
	Enhance security content in APNIC conferences
	Encourage CERT development and information sharing between CERTs and the APNIC community
	Maintain a security threat intelligence sharing service
	Provide a general security advice service
	Briefings/security training for senior management
	APNIC is already doing all it can to assist with these challenges (Exclusive)
	None of these (Exclusive)
	Other (Please specify)

23. Do you have any other ideas about how APNIC can assist with network and Internet security challenges? *

IPv4 scarcity

24. Thinking about the availability of IPv4 addresses, what action has your organization taken to overcome IPv4 scarcity?

New

(Members only) (Select all that apply) (Randomize)

<input type="checkbox"/>	Received our final delegation from the APNIC IPv4 address pool
<input type="checkbox"/>	Purchased IPv4 addresses on the transfer market
<input type="checkbox"/>	Implemented a network plan that uses our IPv4 more efficiently
<input type="checkbox"/>	Leased IPv4 addresses (Go to Q24 & 25)
<input type="checkbox"/>	Deployed NAT
<input type="checkbox"/>	Deployed IPv6
<input type="checkbox"/>	Other (Please specify)
<input type="checkbox"/>	Don't know (Exclusive)
<input type="checkbox"/>	It is not an issue for my organization – we have enough IPv4 (Exclusive)

25. You indicated that your organization leased IPv4 addresses. Approximately, how much do you spend on leased IPv4 addresses per year? **New**

(Members only) – (Only if selected “Leased IPv4 addresses” at Q23; All other responses at Q23 skip to Q26)

<input type="checkbox"/>	Less than USD 5,000 per year
<input type="checkbox"/>	USD 5,000 to 9,999 per year
<input type="checkbox"/>	USD 10,000 to 49,999 per year
<input type="checkbox"/>	USD 50,000 to 99,999 per year
<input type="checkbox"/>	USD 100,000 to 249,000
<input type="checkbox"/>	More than USD 250,000
<input type="checkbox"/>	Don't know (Exclusive)

26. How would you rate your level of concern about the IPv4 addresses that your organization leases? **New**

(Members only) (Only if selected “Leased IPv4 addresses” at Q23)

1 = Not concerned 4 = Extremely concerned

The ongoing cost of the leased addresses	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	I hadn't thought about it before now
Routing issues caused by IP address reputation issues	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	I hadn't thought about it before now
The company leasing us the address space may sell it	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	I hadn't thought about it before now
Our organization needs the addresses longer than the lease term	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	I hadn't thought about it before now

IPv6

27. Has your organization deployed IPv6 in its network? **New**

(Members only)

<input type="checkbox"/>	Yes
<input type="checkbox"/>	No (Go to Q28)
<input type="checkbox"/>	Don't know (Go to Q29)

28. What were the MAIN reasons your organization decided to deploy IPv6? New

(Members only) (Select up to three (3) responses) (Randomise)

	We believed IPv6 would benefit our operations
	We had no more IPv4 available
	IPv4 is too expensive
	We wanted to take advantage of the technological capabilities of IPv6 (IoT, etc)
	We wanted to test the deployment of it and gain experience
	IPv6 provides us with a competitive advantage
	It was a regulatory obligation
	IPv6 was required by customers and/or partners
	Other (Please specify)
	Don't know [Exclusive]

29. What are the MAIN reasons your organization has not deployed IPv6? Statements Updated

(Members only) (If selected No at Q26) (Select up to three (3) responses) (Randomize)

	Don't see the business need / no requirement for IPv6 now
	Could not convince non-technical business decision makers of the need
	Our infrastructure doesn't support it
	Lack of available configuration management tools for IPv6
	Our service providers don't support IPv6
	Cannot afford the expense
	Have not had time for this yet
	Lack of knowledge or expertise in the organization
	Legal or regulatory constraints
	I don't think IPv6 will achieve full take-up from operators
	Other (Please specify)
	Don't know (Exclusive)

30. How can APNIC assist to encourage IPv6 adoption in the region? Statement added

(Members only) (Select up to three (3) of the most important) (Randomize)

	Promote IPv6 to management and/or decision makers
	Promote IPv6 to government and related organizations
	Promote IPv6 to hardware, software and/or content providers
	Promote IPv6 to customers (business and retail)
	Share deployment case studies and best current practices about IPv6
	Provide basic and advanced training on IPv6
	Provide technical assistance on IPv6 deployment
	Facilitate knowledge sharing between Member organizations on IPv6 deployment experiences
	Provide assistance / training to build a business case to management for IPv6 deployment
	Other (Please provide suggestions)
	None of these [Exclusive]

RPKI, ROA, & ROV

31. Has your organization implemented RPKI? **New**

(Members only)

	Yes, we are publishing our Route Origin Authorizations (ROAs) and have deployed Route Origin Validation (ROV) (Skip to Q33)
	Yes, we are publishing Route Origin Authorization (ROAs), but have not deployed Route Origin Validation (ROV) (Skip to Q32)
	Yes, we have deployed Route Origin Validation (ROV), but we are not publishing Route Origin Authorizations (ROAs) (Go to 31)
	No, we have not implemented RPKI (Go to Q31)
	I don't know (Skip to Q33)

32. Can you please tell us the MAIN reason you have not published ROAs for your BGP routes? **New**

(Ask if selected "No, we have not implemented RPKI" at Q30) (Members only)

	I don't know much about routing security and RPKI
	I don't know how to publish ROAs
	I think that publishing ROAs may impact my routes and their reachability
	I don't understand the benefits of publishing ROAs
	Our organization doesn't see the value in it
	Other (Please specify)

33. Can you please tell us the MAIN reason you have not enabled ROV? **New**

(Ask if selected "Yes, we have published our Route Origin Authorization (ROAs), but not Route Origin Validation (ROV) at Q30" or "No, we have not implemented RPKI" (Members only)

	I don't know what it is and how to enable it
	I worry that it will start dropping invalids immediately, and it might affect my routing
	I don't understand the benefits of ROV
	I find it difficult to install and operate validators
	Our organization doesn't see the value in it
	We are only receiving a default route from our upstream provider
	Other (Please specify)

Business Confidence and Future Objectives (New)

34. Thinking about your organization and business focus over the next two years, do you expect to: **New**

	Invest in current business activities (Please specify what you will invest in)
	Invest in new business opportunities (Please specify the opportunities you are investing in)
	Neither [Exclusive]
	Don't know / Unsure [Exclusive]

35. How confident are you about your overall business performance in the next two years? (Reworded)

	Not at all confident
	Low confidence
	Somewhat confident
	Very confident
	Don't know

36. What is the reason for your level of confidence? *

--

APNIC Academy Training (New)

APNIC provides instructor-led training in face-to-face and online environments, as well as self-paced online training under the name of APNIC Academy. At the completion of these courses, a certificate of completion is provided to students / learners.

This is different from certification, which is a process that measures the competency of an individual in a particular field of learning. Industry certification often involves passing an exam at the completion of a training course to demonstrate the learner is now qualified and competent.

APNIC is examining certification as a future part of its training offering.

37. What is your primary consideration when choosing technical training?

(Please rank these in order of importance to you, where 1 is your primary consideration) (Rank all) (Randomize)

	Training that provides a recognised certification / qualification
	Cost of the training
	Length of the training course
	Format of the training (online, in-person, hybrid)
	Relevance of the course content
	Reputation / Recommendation from colleagues or industry leaders

38. If you had a choice, which of the following technical training would you prefer to undertake?

(Select only 1) (Randomize)

	Training leading to an industry-recognised certification / qualification
	University accredited education/training
	Government-approved/registered training
	Technology vendor training
	Non-formal training (e.g., unstructured online training materials)
	Other (please specify)
	None of these

39. If APNIC Academy training was delivered in your economy by other organizations, which of the following do you think would provide the best quality technical training?

(Select all that apply) (Randomize)

	Regional or global Internet organizations (ICANN/ISOC, etc)
	Local NOG
	Local technology reseller
	Universities or other educational institutions
	Government agencies
	Independent local training companies / organizations
	My employer
	Other (Please specify)
	Don't know (Exclusive)

40. Do you have any other ideas or suggestions for APNIC to consider about technical training? *

Governance

41. Thinking about APNIC, please indicate how much you AGREE with the following: *

1 = Strongly disagree 4 = Neutral 7 = Strongly agree

APNIC is sufficiently open and transparent in its activities	1	2	3	4	5	6	7
APNIC is responsive to the changing needs of its community	1	2	3	4	5	6	7
APNIC is respected in the Internet community	1	2	3	4	5	6	7

In 2023, APNIC made changes to its governance structure which appointed all EC members as Directors of APNIC Pty Ltd. The single share in APNIC was transferred to a trustee company with the EC as Directors.

Five by-laws reforms were also passed by a vote of Members to make changes to EC Election processes.

42. Thinking about these changes, please indicate how much you AGREE with the following: **New**

(Members only)

I am satisfied with APNIC’s new governance structure	1	2	3	4	5	6	7	Don't know
The APNIC EC election process was improved by the 2023 By-law reforms	1	2	3	4	5	6	7	Don't know

43. In your view, are there other parts of the APNIC By-laws that should be updated? **New**

(Members only)

44. The APNIC EC has maintained a target for APNIC’s capital reserve which is equal to 18 months of operating expenses, to ensure stability and safeguard against unforeseen circumstances. In your opinion, how many months of operating expenses should APNIC hold in reserve? **From 2018 survey**

(Members only)

<input type="checkbox"/>	12 months
<input type="checkbox"/>	18 months
<input type="checkbox"/>	24 months
<input type="checkbox"/>	Other (please specify)
<input type="checkbox"/>	Don't know

Endorsement

45. Which of these phrases best describes the way you speak about APNIC to others? *

<input type="checkbox"/>	I am critical of APNIC without being asked
<input type="checkbox"/>	I tend to be critical of APNIC if I am asked
<input type="checkbox"/>	I am neutral
<input type="checkbox"/>	I speak well about APNIC if I am asked
<input type="checkbox"/>	I speak highly of APNIC without being asked

Other comments

46. If you have any other comments on APNIC’s services, activities or governance, or any suggestions or ideas for the APNIC EC to consider, please provide them here: *

APNIC Foundation

The APNIC Foundation was created in 2017 to increase investment in Internet development in the Asia Pacific region. Through fundraising and implementation of development projects (including APNIC activities such as training and infrastructure deployment) the Foundation helps support the vision of an open, global, stable and secure Internet in the Asia Pacific.

47. Would you be interested in learning more about the Foundation, its work and how your organization could participate?

(Presented only if CEO/COO/CFO, CIO/CTO or Sales/Marketing selected at Q3)

<input type="checkbox"/>	Yes
<input type="checkbox"/>	No (Go to Q46)

Please provide your details so APNIC can contact you to discuss your interest in the Foundation:

Please note that your responses to all other questions in the survey will remain anonymous.

Name	
Organization Name	
Email address	
Mobile	

Demographic Information

48. What is your gender? *

	Male
	Female
	Non-binary
	Use a different term
	Prefer not to say

49. What is your age? *

	18 – 24
	25 – 34
	35 – 44
	45 – 54
	Over 54
	Prefer not to say

50. Do you have a disability that impedes your engagement or participation in APNIC activities? *

	Yes
	No (Go Q50)
	Prefer not to say (Go to Q50)

51. Please suggest any specific adjustments APNIC could make to accommodate your needs: *

(Asked if answered "Yes" at Q48)

--

52. How well can you speak, read, and write English?

	I am fluent in English
	I can understand most English and have English conversations comfortably
	I can understand some English and have basic English conversations
	I understand little English and need assistance

53. Have you completed the APNIC Survey in previous years?

	No, this is my first time
	Yes, I have completed APNIC Surveys in prior years
	Can't remember

Prize Draw

Thank you for providing your feedback and participating in the 2024 **APNIC Survey**. There will be three prize draws during the survey, and prizes include:

3 x \$USD 350 egift cards, 2 x \$USD 200 egift cards and 2 x \$USD 100 egift cards.

Prize winners will be drawn at random by Survey Matters, using contact information provided here. Please note that your responses to all the other questions in the survey will remain anonymous.

53. Would you like to go into the prize draw?

	Yes
	No (Go to second chance to win!)

Please enter your details below so we can contact you should you win (Note: your survey responses will remain anonymous and will not be linked to the prize draw):

(Presented if Yes selected at Q52)
